State Insurance Surcharge/Taxes/Fees

Your policy is subject to the Washington Regulatory Surcharge (RCW 48.02.190). Please refer to either your billing statement or the Authorized Service Representative website to view a copy of the policy which shows the Regulatory Surcharge amount.

*The above amounts are based on type of equipment covered at time of enrollment. If equipment changes, it could be in a different class and result in higher premium or deductible. For more detail, see full policy.

What To Do If You Change Equipment Or Have A Loss

If you change your equipment:

Please call Boost Mobile at 855-438-2007 or stop by your nearest Boost Mobile store to register your equipment.

If you have a loss:

Step 1: If the cause of loss is loss or theft, call Boost Mobile at 855-438-2007 to suspend your service.

If your claim is for a lost or stolen equipment, report the loss or theft to your network provider as soon as you can, as you will be responsible for any further network charges. Please make sure you ask your network provider to block the SIM card and the device in order to prevent both from being used by anyone within the network provider coverage area. If your device has an IMEI Number, the phone may be blacklisted to prevent it from being used in all networks supporting a restricted IMEI registry.

Step 2: Call Likewise Customer Care at 1-888-318-7688 to file a claim for all covered causes of loss.

Claims must be reported within 60 days of the incident or loss.

Date Issued: Enrollment date on file with Boost Mobile
