What is covered?

We will cover these losses wherever the mobile device is located in the world. We will only cover the mobile device battery and wall charger if they are damaged with your mobile device.

How to file a claim

Your Obligations

To report a claim, you must call us at 1-855-562-1955 or visit www.protect.likewise.com/mobileprotection within 60 days of the loss.

Upon reporting a claim, we may send you a proof of loss form to fill out.

Upon our request, you must send us:

- the completed proof of loss form,
- the original bill of sale for the mobile device and a wireless billing statement or written verification by GLENTEL,
- in the case of vandalism, a copy of the filed police report, provided that such reports are accepted by local police, and
- any other information and documents we may require.

within 60 days after the date you report a claim of the loss.

You will be responsible for the cost of providing such documents and information to us.

You Must Return the Mobile Device

If your mobile device is damaged, you must keep it until your claim is completed. You will be required to return the mobile device to us at our expense. If you do not return your mobile device within 45 days of receiving your replacement device, you may be charged a non-return fee. The non-return fee will not be more than the unsubsidized, new retail price of the Insured Device at the time of enrollment.

You must return your mobile device to us unlocked. If the device is locked, we may charge you a locked device fee that will not be more than the unsubsidized, new retail price of the Insured Device at the time of enrollment.

You Must Back-Up the Software

You must back up all software and data before sending your mobile device to us for repair or replacement.

Our Duties

Repair or Replacement

Once we approve a claim, we will arrange for the repair or replacement of your mobile device. We will not reimburse you for any out-of-pocket expenses. You will not be entitled to receive cash in lieu of actual replacement equipment. We may, in our sole discretion, pay to you the current replacement market value of the damaged Insured Device instead of repairing or replacing the Insured Device.

We May Use Refurbished Parts

We may repair your mobile device with substitute parts, or provide you with substitute equipment, that is of like kind, quality and functionality. It may also be new, refurbished or remanufactured, and may contain original or non-original manufacturer parts; and may be a different brand, model or colour.

If Your Original Device Is Not Available

If the original make and model of your mobile device is no longer in stock, you will receive comparable equipment.

Delivery of Replacement Device

Once a claim is approved, you will receive the replacement by mail within 2-10 business days. We will ship the replacement device directly to you within Canada or you may be required to pick up your replacement at an Authorized Service Centre.

Accessories

We will cover the cost of the repair or replacement of one standard battery and one wall charger used with your mobile device up to the maximum amount set out in the Declarations provided to you.

For more details regarding covered losses, please refer to Section G (Reporting and Filing a Claim) and Section H (Our Duties in Event of a Claim) in your insurance policy.

Consequences of misrepresentation and concealment

Any fraud, intentional concealment or misrepresentation of a material fact relating to this policy, the mobile device, your interest in the mobile device, or a claim may void your insurance.

If the make/model or condition of the mobile device received by the Authorized Service Centre does not match the model described in your claim or proof of loss statement, or is not damaged, you may be charged the full retail value of the replacement device (up to the maximum amount shown in the Declarations).
